

**ARGEN<sup>IS</sup>**  
Implant Systems

Precise. Strong. Lightweight.

**NEW**

# ArgenIS Titanium Bars

Get the Strength Without the Weight

Hader | Dolder | Attachment | Wraparound | Montreal

- ▶ Direct to multi-unit abutment
- ▶ Fixed and removable bars at the abutment level
- ▶ Grade 23 titanium
- ▶ Available in multiple implant systems
- ▶ Fully polished
- ▶ 3 day turnaround

*The finishing is perfect and the thickness and fitting is on point. I have had trouble in the past with other manufacturers.*
