3Shape Software Packages
Stand-Alone – Lab Care

Dental System™ Software Packages - Stand-Alone - LabCare

Each stand-alone module includes 1 seat on a new dongle.

Dental System™ Premium – Stand-Alone
CAD software for dental restorations including Dental Manager

Dental System™ Crown & Bridge – Stand-Alone
CAD software for dental restorations including Dental Manager

Removable Partial Design – Stand-Alone
CAD software for designing removable partial dentures including Dental Manager

Full Dentures – Stand-Alone
CAD software for designing Full Dentures including Dental Manager. Impression scanning for dentures included.

Removable Partial Design & Full Dentures – Stand-Alone
CAD software for designing removable partial dentures & Full Dentures. Impression scanning for dentures included.

Dental Manager Inbox, 100 connections – Stand-Alone
Order reception and filtering software, 100 connections (see note 7).

Implant Studio™ – Please see Implant Studio™ Price List.
(see note 1).

Orthodontics – Please see Ortho Price List for Labs.

3Shape Software Packages
Stand-Alone – Basic Package

Dental System™ Software Packages - Stand-Alone - Basic Package

3Shape now offers Basic Package. Software locked to current yearly version. No expiration date. Patches for purchased version is included. No annual subscription. Each stand-alone module includes 1 seat on a new dongle. Please note that Basic Package cannot be purchased for dongles with LabCare Subscription and a LabCare Subscription cannot be purchased for dongles with a Basic Package.

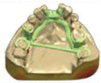

Dental System™ Premium Basic Package – Stand-Alone
CAD software for dental restorations including Dental Manager

---

Dental System™ Crown & Bridge Basic Package – Stand-Alone
CAD software for dental restorations including Dental Manager

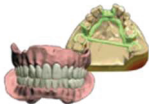

Removable Partial Design Basic Package – Stand-Alone
CAD software for designing removable partial dentures including Dental Manager

---

Full Dentures Basic Package – Stand-Alone
CAD software for designing Full Dentures including Dental Manager. Impression scanning for dentures included.

Removable Partial Design & Full Dentures – Stand-Alone
CAD software for designing removable partial dentures & Full Dentures. Impression scanning for dentures included.

Dental Manager Inbox, 100 connections – Stand-Alone
Order reception and filtering software, 100 connections (see note 7).

Implant Studio™ – Please see Implant Studio™ Price List.
(see note 1).

Orthodontics – Please see Ortho Price List for Labs.

3Shape Software Packages
Stand-Alone – Additional Seats

Dental System™ Software Packages - Additional Seats

As part of our loyalty program for our existing customers, we introduce a Family Discount of 25% on the annual subscription for all additional seats on the same dongle.

Dental System™ Crown & Bridge – Stand-Alone Additional Seat
CAD software for dental restorations. Additional seat for existing dongle on a local network.
Requires active subscription of Dental System Crown & Bridge on the same dongle.

Dental System™ Premium – Additional Seat
CAD software for dental restorations. Additional seat for existing dongle on a local network. Requires active subscription of Dental System Complete Restorative or Dental System Premium on the same dongle.

Dental System™ Complete Restorative – Additional Seat
The Dental System Complete Restorative provides unlimited access to design any restorative case without purchasing add-ons. Requires active subscription of Dental System Complete Restorative on the same dongle.

Removable Partial Design Stand-Alone – Additional Seat
CAD software for designing removable partial dentures. Additional subscription for existing dongle on local network. Requires active subscription of Removable Partial Design Stand alone on the same dongle.

Full Dentures Stand-Alone – Additional Seat
CAD software for designing Full Dentures. Impression scanning for dentures included. Additional subscription for existing dongle on a local network. Requires active subscription of Full Denture – Stand alone on the same dongle.

Removable Prosthesis – Additional Seat
CAD software for designing removable partial dentures & Full Dentures. Impression scanning for Dentures included.

3Shape Software Packages
Add-on CAD Modules

Requires an active Dental System on the same dongle.

Abutment Designer – 1 seat
CAD software for designing customized abutments and screw-retained crowns (see note 5 & 8).

Implant Bar and Bridge Design – 1 seat (for Dental System™ Premium only)
CAD software for designing full screw-retained implant bars and bridges with direct seating on the implant. Requires Abutment Designer add-on module. N/A for D500 (see note 5 & 8).

Abutment Designer, Implant Bar and Bridge Design Package – 1 seat
Abutment Designer and Implant Bar and Bridge Design bundled in one package (see notes 5 & 8).

Abutment Designer, Implant Bar and Bridge Design and Model Builder TRIOS® and 3rd Party intra-oral scans Package

1 seat. Abutment Designer, Implant Bar and Bridge Design and Model Builder TRIOS® and 3rd Party Party intra-oral scans bundled in one package (see note 5 & 8).

Removable Partial Design – 1 seat
CAD software for designing removable partial dentures. Added to existing subscription (see note 5).

Full Dentures – 1 seat
CAD software for designing Full Dentures.
Added to existing subscription (see note 5).

Removable Partial Design & Full Dentures Package – 1 seat
CAD software for designing removable partial dentures & Full Dentures
Added to existing subscription (see note 5).

Model Builder™ TRIOS® – 1 seat
CAD software for designing Digital Lab Models based on TRIOS® scans and 3Shape impression scans (see notes 5 & 10). To design models based on impression scans, you need the Impression Scanning Add-On (item: 80244010).

Model Builder™ TRIOS® and 3rd Party intra-oral scans – 1 seat
CAD software for designing digital lab models based on TRIOS® scans, Sirona Cerec scans (3se files), iTero scans, 3M True Definition, PlanScan and 3Shape impression scans (see notes 5 & 10). To design models based on impression scans, you need the Impression Scanning Add-On (item: 80244010).

Model Builder™ STL – 1 seat
CAD software for designing digital lab models based on TRIOS® scans, Sirona Cerec (3se files), Apollo scans, Dental Wings scans, iTero scans, 3M True Definition, PlanScan, and 3Shape impression scans as well as other STL files (see notes 5 & 10.)

Impression Scanning – Unlimited seats
Scanning software optimized for impression scanning with Model Builder™ for impression scans. (see notes 5 & 10).

Implant Studio™ – Please see Implant Studio™ Price List.
(see note 1).

Orthodontics – Please see Ortho Price List for Labs.

3Shape Software Packages
Add-on CAD Modules – Additional Seats

As part of our loyalty program for our existing customers we introduce a Family Discount of 25% on the annual subscription for all additional seats on the same dongle. Requires an active Dental System license.

Abutment Designer – Additional seat
CAD software for designing customized abutments and screw-retained crowns (see note 5 & 8).

Implant Bar and Bridge Design – Additional Seat
(for Dental System™ Premium only)
CAD software for designing full screw-retained implant bars and bridges with direct seating on the implant. Requires Abutment Designer add-on module. N/A for D500 (see note 5 & 8).

Abutment Designer and Implant Bar and Bridge Design Package – Additional Seat
(for Dental System™ Premium only)
Abutment Designer and Implant Bar and Bridge Design bundled in one package (see notes 5 & 8).

Abutment Designer, Implant Bar and Bridge Design and Model Builder™ TRIOS® and 3rd Party intra-oral scans Package - Additional Seat
(for Dental System™ Premium only)
Abutment Designer, Implant Bar and Bridge Design and Model Builder™ TRIOS® and 3rd Party (see notes 5 & 8).

Removable Partial Design – Additional Seat
CAD software for designing removable partial dentures. Additional subscription for existing dongle on local network. Requires active subscription of Removable Partial Design Stand alone on the same dongle. (see note 5).

Full Dentures – Additional Seat
CAD software for designing Full Dentures. Impression scanning for dentures included.
Additional subscription for existing dongle on a local network. Requires active subscription of Full Denture – Stand alone on the same dongle.

Removable Partial Design & Full Dentures Package – Additional Seat
CAD software for designing removable partial dentures & Full Dentures.
Added to existing subscription (see note 5).

Model Builder™ TRIOS® – Additonal Seat
CAD software for designing Digital Lab Models based on TRIOS® scanes and 3Shape impression scans (see notes 5 & 10). To design models based on impression scans, you need the Impression Scanning Add-On (item: 80244010).

Model Builder™ TRIOS® and 3rd Party intra-oral scans – Additional Seat
CAD software for designing digital lab models based on TRIOS® scans, Sirona Cerec scans (3se files), iTero scans, 3M True Definition, PlanScan and 3Shape impression scans (see notes 5 & 10). To design models based on impression scans, you need the Impression Scanning Add-On (item: 80244010).

Model Builder™ STL – Additional seat
CAD software for designing digital lab models based on TRIOS® scans, Sirona Cerec & Apollo scans, Dental Wings scans, iTero scans, 3M True Definition, PlanScan, Carestream and 3Shape impression scans as well as other STL files (see notes 5 & 10).

3Shape Software Packages
CAD Points

Great pay-per-design option if you do not (yet) like to invest in Add-On CAD Modules for your lab, but still want to be able offer all indications to dentists. CAD Points can flexibly be used for various indications (Add-On CAD Modules) – as outlined below.

100   **100 CAD Points**
CAD Points for design of Customized Abutments, Implant Bars & Bridges, Removable Partial Dentures, Full Dentures and MB TRIOS & MB 3rd party.

200   **200 CAD Points**
CAD Points for design of Customized Abutments, Implant Bars & Bridges, Removable Partial Dentures, Full Dentures and MB TRIOS & MB 3rd party.

300   **500 CAD Points**
CAD Points for design of Customized Abutments, Implant Bars & Bridges, Removable Partial Dentures, Full Dentures and MB TRIOS & MB 3rd party.

CAD Indications	CAD Points
Copings and bridge frameworks	4 per case
Anatomical copings and bridge framework	4 per case
Gingiva on all indications	4 per case
Single wax up / Wax up bridge	4 per case
Tabletops and Non-prepared Veneers	4 per unit
Multi-layer crowns and bridges	4 per case
Digital temporaries	4 per unit
Virtual diagnostic wax-ups	4 per unit
Post & core	4 per unit
Telescopes	4 per unit
Customized abutments and screw-retained	9 per implant
Implant bars and bridges	9 per implant
Full dentures	15 per case
Removable partial dentures	15 per case
Customized impression trays	4 per case
Model Builder™, TRIOS® case	6 per case
Model Builder™, 3rd party, STL	12 per case
Positioning Guides	4 per case
Splints, night guards and protectors	15 per case

3Shape Software Packages
Modules Upgrades

Sirona Scan Import interface
Import of Sirona Cerec/Inlab scans into 3Shape Dental System™. Module requires equivalent options on Sirona side to work. Contact Sirona for availability per country.

Dental Wings import
Dental Wings lab scan import. Also applies for most 3rd party lab scanners.

Upgrade – DS Scan Only to DS Crown & Bridge

Upgrade – Dental System Full Contour™ to DS Premium

Upgrade – DS Crown & Bridge to DS Premium
See page 5 for comparison between software packages.

Upgrade – DS Premium to DS Complete Restorative
See page 5 for comparison between software packages.

Upgrade – DS Premium TRIOS Only to DS Complete Restorative TRIOS Only (New)
See page 5 for comparison between software packages.

50   **Dental Manager Inbox 50 connections**
Order reception and filtering software, 50 connections (see note 7).

100   **Dental Manager Inbox 100 connections**
Order reception and filtering software, 100 connections (see note 7).

If your customer wishes to upgrade from Scan Only to DS Premium simply ugrade first to Crown & Bridge and then from Crown & Brigde to DS Premium. Please note that the upgrade is possible only from Basic Package to Basic Package and LabCare to LabCare. For changing to or from LabCare kindly read page 4.

3Shape Software Packages

TRIOS® Integration

3Shape TRIOS® Integration

3Shape Communicate Inbox (New Name)
Inbox to receive TRIOS® scans directly from dentists. Included in Dental System™ Removable Prosthetic, Standard and Premium.

3Shape Communicate Inbox - Stand-Alone (New Name)
Inbox to receive TRIOS® scans. Includes STL export option and trial version of Dental System™ - TRIOS® Only.

Dental System™ - TRIOS® only
Dental System™ Premium for TRIOS® scans only. Same as Dental System™ Premium, including TRIOS® Inbox and Model Builder™ for TROOS® scans.

Dental System™ Complete Restorative - TRIOS® only (New)
Dental System™ Premium that can be used with TRIOS® scans only. Contains all restorative add-ons and Model Builder™ TRIOS®. Includes 3Shape Communicate Inbox.

TRIOS® Scan STL Export Option
Export TRIOS® scans from 3Shape Dental Manager. Can be added free of charge to Dental System LabCare customers except for Scan Only Package. Requires active Dental Designer™ license.

3Shape Communicate™
Facilitates case communication between lab technicians, dentists and surgeons online.

2GB

3Shape Communicate™
3Shape Communicate™ account for online communication between lab and dentist Includes 2 GB storage space.
